Upon completion, attendees will earn credit for 35 of the 100 self-assessment questions they must complete every three (3) years in MOC. Note that this is a different program than the one offered at each AAD Annual Meeting. A minimum of 25 people will be required to hold this session.

# CALL FOR CASE, POSTER & FORUM PRESENTATIONS

Attendees are invited to submit case summaries and poster abstracts for review and selection to be presented during SPD's 39th Annual Meeting. There are four (4) categories:

## CASES OF THE YEAR

This category includes cases with a known diagnosis. It should have attendant teaching value. SPD encourages all those interested in submitting a case of the year to first review the examples posted online at <http://www.pedsderm.net/sections/casepresentations.php>. The "template" cases will help to provide guidelines for preparing a submission.

*Kimberly Horii, MD, Children's Mercy Hospital (moderator)*

Please note that if a submitted case is chosen to be presented as one of SPD's "Cases of the Year", it will not be simultaneously assigned poster space. Submitted cases not chosen for a "Cases of the Year" oral presentation may be presented as a poster, however the SPD will give preferred assignment of space to research-oriented work.

## RESEARCH FORUM

The Research Forum will highlight outstanding research by members in our field. Three (3) abstracts will be selected for oral presentation during the plenary session of the meeting. Original basic science or clinical research projects are eligible for consideration.

*Amy Paller, MD  
Northwestern University, Feinberg School of Medicine (chair)*
